

NR AGARWAL INDUSTRIES LTD.UNIT 5 (PM2)

FBB Product Specification

Quality: NR Power Pac

Substance g/m ²	Caliper μ	Bulk cc/gm	Bending Resistance, mN (L&W)				Properties	UOM	Value	Standard
			MD	CD	GM	MD/CD				
T410	T 411		T556							
230	356	1.55	220	108	154	2.0	Roughness PPS (Avg. Top) 230-300 g/m ² 			

Construction

Note:

1. Test Conditions -Temperature 23±1°C & Relative Humidity 50±2%. (Tappi 402)
2. All properties are according to NRAIL Unit 5, Sarigam measurements.
3. Tolerance are based upon 95% confidence limits of single mill measurement of conditioned random samples.
4. FSC Mix,FBB board is supplied on demand.
5. Regulatory: REACH,FDA, Heavy metal, ROHS

NR Power Pac is a premium coated folding box board (FBB) with a starch-coated reverse, engineered to deliver outstanding strength, stiffness and print performance. Its high converting efficiency and smooth coated surface make it a versatile packaging material across a wide range of industries. NR Power Pac is ideally suited for pharmaceuticals, cosmetics & personal care, food packaging, consumer goods and luxury products, offering a perfect balance of visual appeal and functional durability.

Being a progressive organization, NR Agarwal Industries Ltd. continually evolves in response to customer requirements. The specification mentioned are therefore subject to change.
